

## **WATERCOLOR WORKSHOP in STONINGTON, MAINE**

**SUNDAY, AUGUST 27- THURSDAY, AUGUST 31, 2017**

**With  
MARJORIE GLICK**

*About the workshop:* This magical coastal landscape is an inspiring place to paint and sets the stage for you to have a wonderful artistic experience with an accomplished artist who loves to teach. The schedule is both structured and flexible to allow you to set your own pace with ample time to just feel the breeze and savor the moment.

*Workshop description:* This workshop is geared towards all levels and will focus on how color and paint handling can be used to create your own interpretation of the landscape. Each day begins with a demonstration that will address the specifics of the landscape at hand, followed by painting on your own with individual guidance from Marjorie and 2-3 group critiques as needed. The workshop begins on Sunday at 5pm with a brief orientation followed by a group dinner (not included in the workshop fee) at a local restaurant in Stonington.
